A Culture of Excellence

Springbank Academy

Curriculum Overview - Computing
Sara Dunn/Charlotte Potter

	Discover	Explore Spring Term - Geography Focus	Belong												
N	All about me I use technology appropriately through role-play. I can make a Bee-bot or similar move. Key words:	Handa's Surprise I can recognise some technology that is used at home or school. With support I can programme a Bee-bot (or similar) to make it move for a particular purpose. I can speak to an adult about what I have seen.	Am I ready for school? I can name and use an iPad with developing control. I can say what will happens (or predict) when I press /swipe on a game using the iPad /whiteboard. I can recognise some technology that is used in places such as home and school.												
	<table><tr><th>Personal, Social and Emotional Development</th><th>Physical Development</th></tr><tr><td>remember the rules without an adult reminding them.</td><td>Match their developing physical skills to a task or activity in their setting</td></tr></table>	Personal, Social and Emotional Development	Physical Development	remember the rules without an adult reminding them.	Match their developing physical skills to a task or activity in their setting	<table><tr><th>Personal, Social and Emotional Development</th><th>Physical Development</th></tr><tr><td>remember the rules without an adult reminding them.</td><td>Match their developing physical skills to a task or activity in their setting</td></tr></table>	Personal, Social and Emotional Development	Physical Development	remember the rules without an adult reminding them.	Match their developing physical skills to a task or activity in their setting	<table><tr><th>Personal, Social and Emotional Development</th><th>Physical Development</th></tr><tr><td>remember the rules without an adult reminding them.</td><td>Match their developing physical skills to a task or activity in their setting</td></tr></table>	Personal, Social and Emotional Development	Physical Development	remember the rules without an adult reminding them.	Match their developing physical skills to a task or activity in their setting
	Personal, Social and Emotional Development	Physical Development													
	remember the rules without an adult reminding them.	Match their developing physical skills to a task or activity in their setting													
Personal, Social and Emotional Development	Physical Development														
remember the rules without an adult reminding them.	Match their developing physical skills to a task or activity in their setting														
Personal, Social and Emotional Development	Physical Development														
remember the rules without an adult reminding them.	Match their developing physical skills to a task or activity in their setting														
Computer Instructions iPad Technology Photo.	I can say if something I find on the internet makes me feel bad.	I use technology appropriately through role play.													
Links to expectations for 3 to4 year olds Early learning goal Be confident to try new activities and show independence, resilience and perseverance in the face of challenge. Explain the reasons for rules, know right from wrong and try to behave accordingly.	Links to expectations for 3 to4 year olds Early learning goal Be confident to try new activities and show independence, resilience and perseverance in the face of challenge. Explain the reasons for rules, know right from wrong and try to behave accordingly.	Links to expectations for 3 to4 year olds Early learning goal Be confident to try new activities and show independence, resilience and perseverance in the face of challenge. Explain the reasons for rules, know right from wrong and try to behave accordingly.													

R	<p>Farm to food</p> <p>I use a range of control toys and devices.</p> <p>I understand that goals can be achieved by following a sequence of steps.</p> <p>I can make predictions about what a programme will do /do next.</p> <p>I can name some uses of IT beyond school e.g audio books, listening to music, watching films, creating paintings, send messages.</p> <p>Keywords</p> <p>Design</p> <p>Internet</p> <p>Login</p> <p>Online</p> <p>Patterns</p> <p>Password</p> <p>Programme /programming Sequence</p> <p>Links to EYFS curriculum</p> <table><tr><th>Personal, Social and Emotional Development</th><th>Physical Development</th></tr><tr><td>Show resilience and perseverance in the face of a challenge.</td><td>Develop their small motor skills so that they can use a range of tools competently, safely and confidently.</td></tr></table> <p>Early learning goal</p> <p>Be confident to try new activities and show independence, resilience and perseverance in the face of challenge.</p> <p>Explain the reasons for rules, know right from wrong and try to behave accordingly.</p>	Personal, Social and Emotional Development	Physical Development	Show resilience and perseverance in the face of a challenge.	Develop their small motor skills so that they can use a range of tools competently, safely and confidently.	<p>African Adventure</p> <p>I can follow symbol sequence algorithms (PE Cards, jump, step etc)</p> <p>can programme a Bee-bot or similar, one instruction at a time and clear it at the end.</p> <p>I can recognise that there is a problem and say what problem is (plugged or unplugged activities).</p> <p>I can select and use technology for a particular purpose.</p> <p>I can access and use simple activities using touch technology with increasing control.</p> <p>Links to EYFS curriculum</p> <table><tr><th>Personal, Social and Emotional Development</th><th>Physical Development</th></tr><tr><td>Show resilience and perseverance in the face of a challenge.</td><td>Develop their small motor skills so that they can use a range of tools competently, safely and confidently.</td></tr></table> <p>Early learning goal</p> <p>Be confident to try new activities and show independence, resilience and perseverance in the face of challenge.</p> <p>Explain the reasons for rules, know right from wrong and try to behave accordingly.</p>	Personal, Social and Emotional Development	Physical Development	Show resilience and perseverance in the face of a challenge.	Develop their small motor skills so that they can use a range of tools competently, safely and confidently.	<p>What make you special?</p> <p>I can select and use technology for a particular purpose.</p> <p>I can name a keyboard and mouse and use with developing control.</p> <p>I can use a digital device to create and store content e.g. taking a photo.</p> <p>I know that I need to stay safe when using technology.</p> <p>I know that some information should be kept private.</p> <p>I know what to do if I see things that upset me online at school.</p> <p>Links to EYFS curriculum</p> <table><tr><th>Personal, Social and Emotional Development</th><th>Physical Development</th></tr><tr><td>Show resilience and perseverance in the face of a challenge.</td><td>Develop their small motor skills so that they can use a range of tools competently, safely and confidently.</td></tr></table> <p>Early learning goal</p> <p>Be confident to try new activities and show independence, resilience and perseverance in the face of challenge.</p> <p>Explain the reasons for rules, know right from wrong and try to behave accordingly.</p>	Personal, Social and Emotional Development	Physical Development	Show resilience and perseverance in the face of a challenge.	Develop their small motor skills so that they can use a range of tools competently, safely and confidently.
	Personal, Social and Emotional Development	Physical Development													
	Show resilience and perseverance in the face of a challenge.	Develop their small motor skills so that they can use a range of tools competently, safely and confidently.													
	Personal, Social and Emotional Development	Physical Development													
Show resilience and perseverance in the face of a challenge.	Develop their small motor skills so that they can use a range of tools competently, safely and confidently.														
Personal, Social and Emotional Development	Physical Development														
Show resilience and perseverance in the face of a challenge.	Develop their small motor skills so that they can use a range of tools competently, safely and confidently.														

Y 1	The Great Fire of London			Posting and Places			To the rescue		
	Curriculum links	Resources	Ideas	Curriculum links	Resources	Ideas	Curriculum links	Resources	Ideas
	I am learning to: - understand using computer software to draw and create. NC - To use technology purposefully to create and manipulate digital content.	iPad Laptop Partners.	Put a picture of Lieve Verschuier's Great Fire of London painting on the IWB. Challenge the children to create their own version of the painting using Paint software.	I am learning to: - understand that websites are stored on computers all over the world - open, save and edit NC -Use technology purposefully to create, organise, store, manipulate and retrieve digital content.	Me and my home completed. Me and my home template. Laptops. Partners	Explore the me and my home sheet send from the Inuit friend. This lesson is aimed at adding the missing words into the text and 4 images showing what it looks like in the U.K.	I am learning to: - Understand what an algorithm is. -Follow instructions and See how specific instructions need to be. NC - understand what algorithms are; how they are implemented as programs on digital devices; and that programs execute by following precise and unambiguous instruction.	Algorithm AI song https://www.youtube.com/watch?v=cvk5vIgZAZw Barefoot Computing https://www.barefootcomputing.org/resources/crazy-character-algorithms	Explore Barefoot Computing planning for Crazy Character Algorithms. Create your own instructions for children to check for accuracy.
	I am learning to: -Log on. Moving and clicking a mouse. Using a keyboard to enter and edit text. N.C - To use technology purposefully to create and manipulate digital content.	Laptops Partner work.	Model to the children how to open Microsoft Word. Ask the children to type their name. Children to use the program to create a simple story about The Great Fire of London. Support group to use a word mat to support them in	I am learning to: - find maps online - move between programmes on the computer - move data between programmes NC - use technology purposefully to	Google Maps Laptops	Display Google Maps on a large screen and show how you can zoom in and out to show locations around the world. Give the children time to explore Google Maps.	I am learning to: - Move a Beebot a given number of steps forward. -Turn the Beebot $\frac{1}{4}$ turns left and right.	Google Maps Laptops	Children to have exploration time with Beebots. Program Beebots to

			completing the activity,	create, organise, store, manipulate and retrieve digital content.	Which locations in the U.K. can they find? Add a map image to their Me and my home sheet.	<p>-Program a Beebot to reach an object.</p> <p>NC - understand what algorithms are; how they are implemented as programs on digital devices; and that programs execute by following precise and unambiguous instruction.</p> <p>C1 - Word processing (writing link story)</p> <p>C1 - Programming animations</p>		<p>reach objects. Debug any programs when the Beebot doesn't reach.</p> <p>Topic link - the Beebot could act as an emergency vehicle reaching an accident/incident.</p> <p>Use the Beebot iPad App to practise programming using the correct amount of each instruction. Whiteboards can be used alongside this to show children's algorithm knowledge.</p>
	<p>C1 - Computing systems and networks</p> <p>C1 - Creating media digital painting</p>			<p>C1 - Moving a robot - Beebots</p> <p>C1 - Data and information grouping information</p>				

Y 2	Queens Victorian times			Trading Places – Britain or Brazil					
	Curriculum links	Resources	Ideas	Curriculum links	Resources	Ideas	Curriculum links	Resources	Ideas
	<p>I am learning to: - order algorithms by sequencing events from the Victorian era.</p> <p>NC - understand what algorithms are and how they work as a sequence of instructions.</p> <p>Use technology safely and respectfully, keeping personal information private; identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies.</p>	<p>Interactive white board. Sequencing cards. Pairs.</p>	<p>In pairs using dated sequencing cards to order key events from the Victorian area.</p> <p>Children to search for images using internet explorer connected to their timeline.</p> <p>Class activity: Create your own timeline with your class.</p>	<p>I am learning to: – decorate a Bee-Bot in a design appropriate to whether it is a town or country mouse – sequence instructions</p> <p>NC - understand what algorithms are; how they are implemented as programs on digital devices; and that programs execute by following precise and unambiguous instructions.</p>	BeeBots	<p>Direct BeeBots from a countryside location written on the floor to a town location. Pupils will need to identify the different countryside and town locations before giving their BeeBot instructions to move between them.</p>	<p>I am learning to: -Open, save and edit documents. -Use websites to search for images. -Include text boxes. -Change fonts and text sizes and colours.</p> <p>NC - use technology purposefully to create, organise, store, manipulate and retrieve digital content.</p> <p>Use technology safely and respectfully, keeping personal information private; identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies.</p>	<p>Laptops Partners Google Docs</p>	<p>Create a digital E-Safety poster to promote kindness online. Use Google Image search to find related images. Manipulate the images - save and use.</p>
				<p>I am learning to:</p>	<p>Beebots Whiteboards</p>	<p>Show how to record instructions on a white board. Get different partners</p>			

<p>I am learning to: -capture and change digital photographs</p> <p>N.C Use technology safely and respectfully</p>	<p>iPads Group work</p>	<p>In your groups take photographs of modern images and identify the same item that would have been used in Victorian times. An example would be the current mobile phones.</p>	<p>– shorten sequences of instructions – refine code using a Repeat command</p> <p>NC - create and debug simple programs.</p>	<p>BeeBot online</p>	<p>to trial the directions being travelled between each location from last week. Split class into half. One half use Beebot online and half other Beebots. Beebot group use the maze to travel around and BeeBot online travel through the country road map.</p>	<table><tr><td></td><td></td><td></td></tr><tr><td></td><td></td><td></td></tr></table> <p>C2 - Creating media making music C2 - Scratch recap and programming quizzes</p>						
<p>C2 - What is IT? computing networks C2 - Digital media - photography taking photographs</p>			<p>https://beebot.terrapinlogo.com</p>									
		<p>I am learning to: – look for mistakes in sequences of instructions – predict the outcome of simple programs and sequences of instructions .</p> <p>NC - create and debug simple programs.</p>	<p>BeeBots Printed instructions Printed mazes</p>	<p>Give the pupils written instructions for the BeeBot to travel around a maze. There will be 2 mistakes. Can the pupils decode the instructions and provide a new correct programme? Repeat for new mazes. Trial each maze with the BeeBot. Can they write the correct code for a new maze?</p>
