When I grow up, I could be a...

Baker

We have been reading the Little Red Hen story.

We learnt how bread is made using different machines.

We explored different breads from around the world.

We know that bread begins as wheat, then flour, then dough and finally, bread.

We created a role play bakery. A baker needs to wake up really early!

We got messy hands when mixing the ingredients to make a dough. It was lots of fun!

We used our outdoor kitchen to model the journey that bread goes on for us to have sandwiches and toast at home.
