

Springbank Primary School

Cleanliness

Fairness

Character Education Values

Courtesy-Forgiveness-Determination-Self-Discipline-Gratitude-Honesty,

Our whole school vision is:

Springbank Primary is a place where all of our children and staff will have the opportunity to excel. Everyone will be safe, happy and cared for. Our curriculum and values will inspire everyone in the school family to be motivated and curious learners and offer core skills, knowledge and enrichment to enable all to gain the foundations for a quality future and a love for life-long learning.

In all we do we remember our school motto:

Caring-Happy-Healthy-Sporty-Scientific

School Values

Strategic Committee

Springbank Primary School is committed to equal opportunities for all. It is our aim that every policy is written to have a positive impact on every child/all children irrespective of race; religion; gender; sexual orientation or age.

Springbank = success for all

There is a key that unlocks every child's learning, our job is to find that key.

Every staff member and governor must take the responsibility and accountability to ensure the procedures within this policy are delivered and implemented as per Springbank School Policy.

Vision

At Springbank Primary School we seek excellence for all of our students, within the context of a caring and mutually supportive partnership between school, home and community.

After consultation with staff and governors, we have agreed upon the principles outlined in our 'Behaviour and Attitude Policy'.

The Head teacher annually brings the policy to the attention of all pupils, parents and school staff (including anyone working in the school on an unpaid / voluntary basis).

This policy is publicised for every parent/carer in our school so they are fully aware of the procedures and can work in partnership with the school.

Everyone in school is important in its smooth running

Cleaning Staff

Governors

Parents and Carers

This policy is written to provide an overview of the powers and duties for school staff, and support staff in achieving a consistent and fair approach to behaviour provision.

The behaviour and attitude policy is supported and backed-up by senior staff and the Headteacher.

Introduction

Our foremost aim is to provide for every child a safe and supportive environment in which they can develop their full potential, and to embed a culture which fosters self-discipline and mutual respect between pupils, and between staff and pupils.

Throughout this policy there are measures which aim to:

- < promote good behaviour, self-discipline and respect
- < prevent bullying
- < ensure that pupils complete expected outcomes
- < continually and consistently regulate the conduct and attitude of pupils

We do this by:

- < leading by example
- < having high expectations
- < providing well prepared, stimulating and challenging lessons
- < ensuring the school community is an organised, well maintained, safe and calm environment.
- < challenging and motivating all pupils

- ◁ maintaining interesting and supportive learning environments
- ◁ being positive and praising good effort
- ◁ the expectation that the school's policy for rewards and sanctions will be consistently followed by everyone in the school community

We achieve our high expectations of attitudes and dispositions to learning through the embedding of STARFISH and British values:

S portmanship

T olerance

A ppreciation

R espect

F riendship

I ntegrity

S ensitivity

H elpfulness

There are weekly values (STARFISH and British) assemblies to educate our children through stories, songs, discussions and reflection about each of the aspects of STARFISH values. Individual children from each class are identified and rewarded for displaying these qualities. British Values are high profile and integrated in to the daily life of school.

Furthermore, aspects of **S**piritual, **M**oral, **S**ocial, **C**ultural education is included in all lessons. A PHSE planned programme is also delivered across school each week, which includes Character Education and a trial of the new R.S.E. expectations.

Classroom management

We have developed a consistent approach, which is clear and well understood by staff. This enables it to be used by everyone throughout school.

We strive at all times to provide the children with an environment which is stimulating, safe and conducive to good learning. We do this by:

- ◁ having clear rules and expectations which are well established and shared in all classes.
- ◁ ensuring children have sufficient time to complete their learning task/tidy up their Learning Zone.
- ◁ challenging and supporting all children by catering for all different learning styles.
- ◁ dealing with all incidents of behaviour immediately in a fair and consistent way in line with our ethos and policy.

Classroom Expectations

'Everyone has the right to learn'

- ◁ Enter the classroom in an orderly way; coats off, equipment ready, bags and coats in the cloakroom and engage yourself in learning straight away.
- ◁ Show active listening skills when other pupils or your teacher is talking (Magnetic eyes/hands still).
- ◁ **Respect other people's points of view** even if you don't agree with them.
- ◁ Stay focussed on tasks and take responsibility for your own learning.
- ◁ Always co-operate with other students and make a contribution to group activities.
- ◁ Ask yourself these questions at the end of each lesson: 'What have I learnt today?' 'Have I challenged myself?' 'How resilient have I been?' 'Do I need help or want to talk to an adult?' 'What knowledge can I remember today, tomorrow or in the future?'
- ◁ Respect the classroom environment and everyone in it, both pupils, visitors and staff.
- ◁ Always have a growth mind-set when you are engaged in learning.

Support Frameworks and Procedures

Positive standards of behaviour and attitude to learning will be supported and reinforced:

- ◁ Through a range of rewards.
- ◁ Through the 'Behaviour Ladder', Pre-teaching Behaviour Strategies and 'Unlock Your Potential' documents.
- ◁ By a supportive system that seeks to provide care, guidance and support. Each student is a member of a class, managed by a teacher, who is in turn managed by a member of the Senior Leadership team. The Headteacher has the responsibility line managing the Senior Leadership team. Students with particular behavioural or emotional needs will also get support from the Behaviour team.
- ◁ By a differentiated, progressive, well-resourced and engaging curriculum appropriate for all students.
- ◁ By the consistent application of school rules/codes of conduct, at all times, by all members of staff.
- ◁ Through positive role models provided by all members of staff.
- ◁ Through the implementation of the school's policies on equality, bullying and safeguarding/child protection.
- ◁ Through support and training for staff in behaviour management strategies with an emphasis on child centred approaches, conflict resolution and de-escalation.
- ◁ Through whole school values assemblies, the teaching of British Values, SMSC and the PSHE curriculum.

- ◁ Through the school's behaviour management and intervention strategies, which are monitored, and reports presented to governors. Behaviour targets are set and monitored by school and parents, via the school's behaviour team.
- ◁ Through the SBAP partnership.
- ◁ Through partnership with other relevant external support agencies such as the Family Support Service, Early Help, CAMHS, YOT, Virtual School and Springboard.

Advice for all staff at Springbank Primary School

If you witness any situation which is threatening or potentially violent, whether it be with students, trespassers or parents:

- ◁ Send immediately for a member of the Behaviour Team/Lead Behaviour Teacher or Headteacher. Always avoid confrontation.
- ◁ Send away other students - if this is impossible send a student to find other staff to help.
- ◁ Try to calm the situation down by speaking quietly and reassuringly.
- ◁ Do not put yourself in any position that is dangerous or where you could be injured.
- ◁ Avoid physical contact or barring the way of anyone during a conflict situation except in circumstances where someone is at immediate risk of harm.
- ◁ A member of the Behaviour Challenge Team will deal with the situation and decide whether or not to involve the police.

Rewards and Sanctions - Positivity and rewards are important!

We have in place a range of options and rewards to reinforce and praise good behaviour and clear sanctions for those who do not comply with the school's behaviour policy. These are proportionate and fair responses that vary according to the age of the pupils, and any other special circumstances that affect the pupil.

Pupils must be rewarded for demonstrating good behaviour and positive attitudes through praise and positivity at all times.

The staff team have a responsibility to support and promote the positive behaviour of pupils at all times including non-directed times e.g. when pupils are in the corridor, in the lunch hall or entering the classroom.

Praise begins with frequent use of encouraging language and gestures, both in lessons and around the school.

We celebrate our successes by:

1. **WELL DONE!** Positive praise and the child's name being written on the happy side of the board.
2. **WE'RE REALLY PLEASED!** Text/postcard home- The class teacher informs staff in the office and a text praising the child's achievement is sent to their

parents/carers. The class teacher can also send home a postcard again celebrating the child's success.

3. **FANTASTIC!** Tuck shop vouchers- The child receives a voucher from the class teacher which entitles them to a free item at the school tuck shop.
4. **WOW!** Treats from the treasure box- The child selects a prize from the Headteacher's treasure box.
5. **WONDERFUL!** A dip in the teacher's own treasure box.

Extra incentives

1. Marbles in a jar: The class choose a prize for the whole class. Classes are given a marble for whole class attainment and successes. When the class has collected 10 marbles, they win a treat for the whole class.
2. Golden Assembly: This assembly is held every Friday to celebrate the successes of Springbank Primary School. Certificates are awarded and achievements are celebrated. Praise and rewards may be for an individual pupil, whole class or year group.

Discipline

Key Points included in the DFE document 'Behaviour and discipline in schools' which was published July 2013 and was last updated in January 2016:

- < Teachers have statutory authority to discipline pupils whose behaviour is unacceptable, who break the school rules or who fail to follow a reasonable instruction (Section 90 and 91 of the Education and Inspections Act 2006).
- < The power also applies to all paid staff (unless the Headteacher has instructed them otherwise) with responsibility for pupils, such as teaching assistants.
- < Teachers can discipline pupils at any time the pupil is in school or elsewhere under the charge of a teacher, including on school visits.
- < Teachers can also discipline pupils in certain circumstances when a pupil's misbehaviour occurs outside of school.
- < Teachers have a power to impose detention outside school hours.
- < Teachers can confiscate pupils' property.

Roles and responsibilities of staff in regard to behaviour management

All staff at Springbank Primary School, both teaching and non-teaching, have a role to play in maintaining an orderly and calm environment for everyone to work in. All staff should challenge unacceptable language or behaviour if observed first-hand and report to staff with specific responsibilities for behaviour to follow up. All staff should model acceptable behaviour in their own conduct and be visible at all times of the school day.

Role	Responsibility
Midday supervisors	<p>To praise and recognise the majority of students who are doing the right thing e.g. thank them for clearing tables.</p> <p>To maintain an orderly and safe environment during lunchtime by challenging unacceptable behaviour, e.g. dropping litter, entering classrooms without permission, queue jumping, rowdy/raucous behaviour and supporting duty staff in ensuring lunch time is an orderly and pleasant time for everyone.</p> <p>To be vigilant in monitoring student behaviour whilst not in lessons, identifying any student whose behaviour is causing concern and reporting to senior staff to take action.</p>
Teachers	<p>To regularly praise, recognise and reward the majority of pupils who are doing the right thing through verbal feedback, home contact and following the school's reward systems. To maintain an orderly and calm learning environment in their classroom challenging any behaviour that impacts negatively on the learning or safety of self or others; to put in place sanctions for failure to complete tasks, low level disruption or any other subject specific incident; to contact parents where necessary, with the support of a member of the Behaviour Team, if behaviour is negatively impacting on progress and hold meetings to help effect change; to inform the Behaviour team to ensure records are kept up to date with behaviour concerns and seek help from the Behaviour Lead when required; to give students a fresh start each lesson and be prepared to engage in mediation or other interventions to improve teacher/pupil relationships where necessary; to make sure any work missed through sanctions or disruption is caught up; to complete comments on students' TLCs accurately and fairly; to take professional responsibility for understanding the behaviour needs of students in your care including familiarising yourself with case studies and/or profiles and any updates to them.</p> <p>To report wider behavioural issues observed in the classroom, e.g. bullying to relevant member of the behaviour team.</p>
SLT	<p>To monitor the use of praise across their team and to ensure the school's reward systems are used to recognise the majority of students who consistently do the right thing.</p> <p>To support classroom teachers in maintaining an orderly classroom environment; to provide a place for students to be accommodated who are sent out of lessons for short or medium term periods; to facilitate meetings with parents over concerns about behaviour/progress in particular subjects; to support the team where teachers are finding behaviour challenging; to ensure case studies, profiles and behaviour reports for students with persistent behaviour problems are followed; to support teachers and children in cases where pupils need to be reintegrated into lessons; to</p>

	<p>arrange training and support for teachers in their team on behaviour management and the needs of specific pupils.</p>
Behaviour team	<p>To provide day to day support for Head teacher, teachers and Behaviour Lead in maintaining good behaviour in school; to patrol the school regularly and have a high visual presence, identifying hotspots of poor behaviour and challenging students when required; to help organise short/medium and long term interventions for students with behaviour difficulties; to hold mediation sessions between pupils and staff where necessary; to support with managed moves and exclusions; to keep records on behaviour incidents and interventions and alert Headteacher, behaviour lead and Senior Leaders to significant issues; investigations and statement taking for infringements of the behaviour code; to have a caseload of vulnerable students to work with on a regular basis to modify behaviour through mentoring/target setting/counselling etc; to contribute to PSHE/SMSC, values assemblies, 'You can do it' activities and special behaviour events etc, in order to pre-empt issues becoming problems; to monitor patterns and trends of behaviour through analysis of records and behaviour books; liaison with outside agencies and completion of EHAFs and other relevant referrals to get support for behaviour modification.</p>
Behaviour and Attitude Champion.	<p>To develop, review and oversee a system of praise and recognition to ensure students who are doing the right thing are recognised and rewarded as appropriate and to ensure all staff are actively using praise as the main tool in managing behaviour</p> <p>To oversee the behaviour of the entire school, analysing data and monitoring trends and patterns in terms of individual students; teachers; subject areas, etc; to provide strategic oversight for the way behaviour is dealt with developing, reviewing and writing policies linked to behaviour management; training new staff in behaviour management systems and strategies; setting and upholding the ethos and tone of the school; monitoring all individuals to ensure they are fulfilling their responsibilities; reporting to the Headteacher and Governors in regards to behaviour; holding re-admittance meetings and organising managed moves, liaising and making referrals to SBAP and supporting the Head teacher with permanent exclusions.</p>
Head teacher	<p>To set the ethos and tone of the school in regards to behaviour, attitude and conduct management; to ensure all policies adhere to legal requirements and take account of special needs of students and issues of equality and diversity when dealing with behavioural issues; to support all staff in the day to day management of behaviour; to oversee the permanent exclusion of any student; to work with SLT to monitor overall trends and patterns in behaviour in the school and respond accordingly; to appoint appropriate people</p>

	to oversee the day to day management of behaviour in the school; to ensure all staff are aware of their responsibilities and that appropriate training is in place.
--	---

To ensure that sanctions imposed are consistent, reasonable and proportionate to the circumstances of the case, children who break the rules are dealt with first using strategies included in 'Pre-teaching Behaviour Strategies'.

Administered by:

Member of staff involved

For 'behaviour for learning' my teacher will use:

Preventing Low Level Disruption Strategies

1. Visual anchoring- make eye contact with the child, in such a way you let them know what is happening and you don't approve.
2. Snap focusing- a singular sharp click to obtain the child's attention and redirect this back to their work. This can also be supported with a point.
3. I do... you do.... (rhymes and rhythms).
4. STARFISH whisper- discuss the child's behaviour making reference to STARFISH and challenge them to explain how they are going to improve within these areas.
5. Verbal warning- the next step is the Behaviour Ladder

If these are not effective then all staff will follow the appropriate stage of the Behaviour Ladder, which are displayed in every classroom and learning room.

NOTE

The Behaviour Ladder is not exhaustive and should be used flexibly, taking the type of behaviour into account. Students with behavioural difficulties, special educational needs and persistent offenders will be dealt with differently to those involved in one-off incidents.

What Helps Me

In addition, we have a range of disciplinary measures which are clearly communicated to school staff, pupils and parents and should be used in conjunction with the Behaviour Ladder, or for specific reasons. They include:

- < A verbal reprimand.
- < Extra work or repeating unsatisfactory work until it meets the required standard.
- < The setting of written tasks as punishments, such as writing apology letters or an essay. These may be completed during periods of timeout.
- < Detention including during lunch-time- pupils are given reasonable time to eat, drink and use the toilet. Parental consent is not required for detentions.
- < School based community service or imposition of a task - such as picking up litter or weeding school grounds; tidying a classroom; helping clear up the dining hall after mealtimes; or removing graffiti.
- < Regular reporting including early morning reporting; scheduled uniform and other behaviour checks; or being placed "on report", with a behaviour chart for behaviour monitoring.

Pupils' conduct outside the school gates

Teachers have the power to discipline pupils for misbehaving outside of the school premises "to such an extent as is reasonable"

In response to non-criminal bad behaviour and bullying which occurs off the school premises and which is witnessed by a staff member or reported to the school, we will:

- < Ensure the Headteacher or Behaviour and Attitude Champion is informed.
- < Record what has happened using an Incident Report Form.
- < Ensure the parent/carers of all children are supported, informed and involved.
- < Implement sanctions in line with school policy.

Teachers may discipline pupils for misbehaviour when the pupil is:

- < taking part in any school-organised or school-related activity or
- < travelling to or from school or
- < wearing school uniform or in some other way identifiable as a pupil at the school.

Or misbehaviour at any time, whether or not the conditions above apply, that:

- < could have repercussions for the orderly running of the school.
- < poses a threat to another pupil or member of the public.
- < could adversely affect the reputation of the school.

In all cases of misbehaviour, the teacher can only discipline the pupil on school premises or elsewhere when the pupil is under the lawful control of the member of staff.

Malicious Accusations

The Head Teacher can temporarily or permanently exclude pupils who make false allegations. In extreme circumstances, they can involve the police if there are grounds for believing a criminal offence has been committed.

Bullying

Behaviour of an individual or group usually repeated overtime, that intentionally hurts another individual or group either physical

We ensure that as a school we are alert to the signs of bullying and act promptly and firmly against it:

- ◁ To promote a secure and happy environment free from threat, harassment and any type of bullying behaviour.
- ◁ To take positive action to prevent bullying from occurring through a clear school policy.
- ◁ To show commitment to overcoming bullying by practising zero tolerance.
- ◁ To foster a productive partnership with pupils and parents which helps maintain a bully free environment.
- ◁ To make staff aware of their role in fostering the knowledge and attitudes required.
- ◁ To ensure pupils and parents feel confident they are safe and cared for in school, and incidents when they do occur are dealt with correctly.

Bullying is anti-social behaviour and affects everyone; it is unacceptable and will not be tolerated.

Springbank Primary has produced a booklet for parents/carers and children to explain all forms of bullying and raise awareness in this vital area.

Confiscation of inappropriate items

There are two sets of legal provisions which enable school staff to confiscate items from pupils:

1) The general power to discipline enables a member of staff to confiscate, retain or dispose of a pupil's property as a punishment, so long as it is reasonable in the circumstances. The law protects them from liability for damage to, or loss of, any confiscated items provided they have acted lawfully.

Confiscated items must be given to the child's teacher and kept in their lockable cabinet. All confiscated mobile phones and expensive items must be signed for by staff and children and kept in the Main School Office.

2) Power to search without consent for "prohibited items", including:

- ◁ knives and weapons

- < alcohol
- < illegal drugs
- < stolen items
- < tobacco and cigarette papers
- < fireworks
- < pornographic images
- < any article that has been or is likely to be used to commit an offence, cause personal injury or damage to property
- < any item banned by the school rules which has been identified in the rules as an item which may be searched for.

Power to use reasonable force

Members of staff have the power to use reasonable force to prevent pupils committing an offence, injuring themselves or others, or damaging property, and to maintain good order and discipline in the classroom.

As soon as an adult in school feels they may have to physically restrain a child a trained member of the Behaviour Response Team must be sent for and the incident recorded using the correct incident report form. The team are all 'Managing Risky Behaviours' trained.

The Head teacher and Lead Behaviour Teacher may also authorise such force as is reasonable given the circumstances when conducting a search without consent for knives or weapons, alcohol, illegal drugs, stolen items, tobacco and cigarette papers, fireworks, pornographic images or articles that have been or could be used to commit an offence or cause harm.

Use of Isolation

Our school's policy allows for disruptive pupils to be placed in a Learning Room, in a different class or away from other pupils for a limited period.

We use identified Learning Rooms as a disciplinary penalty. These must be used consistently in line with the school policy. The children are comfortable and allowed drinks and access to the toilets.

Monitoring and reporting of behaviour

For most children:

Adults and children to follow the chronological sequence of sanctions listed in the school's Behaviour Ladder.

All incidents, above stage 2, in which the Behaviour Ladder has been used are recorded on the correct incident sheet.

This is monitored by the Behaviour Team weekly, to identify individuals or vulnerable groups of children who may need additional support. This is included in a termly report presented to the Headteacher and Governors.

Pupil support systems

Children and their parent/carers may receive a programme of counselling from our trained counsellor. Additional support systems are included in children's individual Behaviour Case Studies.

Each class has elected 'Squabble Busters', who receive training regarding conflict solutions, and are available for support and mediation for children throughout the school. They also know when it is appropriate to involve an adult member of staff. Children who present challenging behaviours will receive if required an individual:

- < case study
- < risk assessment
- < behaviour agreement
- < bespoke behaviour contract
- < behaviour profile
- < aptitude profile

If the teacher needs support with difficult behaviour, the child or urgent message is sent to a member of the Behaviour Team, SLT or named person on their case study/risk assessment.

Equality

Springbank Primary respects its legal duties under the Equality Act 2010 and in respect of pupils with SEN. This includes consideration as to whether continuing disruptive behaviour might be the result of unmet educational or other needs which may require a multi-agency assessment.

This is not a standalone policy and should be read in conjunction with:

- < SEND policy
- < Inclusion policy
- < Equality policy
- < Physical intervention policy
- < Anti-Bullying policy
- < Exclusion policy

Guidance for dealing with Violence at Springbank Primary School

The Senior Leadership Team and Governing Body of Springbank Primary fully understand that the risk of a violent attack in our setting is a possible hazard. This guidance therefore is aimed at providing practical advice of how staff can tackle violence and aggression at work and to make everyone fully aware of the school procedures necessary for dealing with violence and aggression towards school staff whether it is by other members of staff, pupils or parents and carers.

We do not believe that violence at work is:

- ◁ something which is part of the job;
- ◁ the result of a worker's incompetence;
- ◁ the fault of an individual's personality characteristics.

However, the HSE has published a guidance document which states very clearly that:

"the problem of violence is often associated with the main purpose of an organisation - providing a service to the public".

What is Violence at Work?

- ◁ incidents which cause death or physical injury;
- ◁ threats by parents or pupils using a weapon or an implement;
- ◁ verbal abuse that is violently aimed at staff members;
- ◁ attack on staff property such as their car;

- ◁ sexual and racial harassment.

The School Responsibility to Staff

We will:

- ◁ take all reasonable precautions necessary to secure the health and safety of all staff;
- ◁ support staff who have been assaulted or suffered verbal abuse;
- ◁ not see incidents as an adverse reflection on the individual's ability to perform their role in school;
- ◁ avoid the need for staff to work alone or tackle incidents;
- ◁ have a formal system for reporting and recording violent incidents;
- ◁ investigate all incidents and control any potential or underlying problems associated with violence at work within Springbank Primary.

We ask all staff to:

- ◁ report all incidents of violence in a formal manner;
- ◁ take extreme caution when confronted with a weapon and not attempt any action which may result in themselves/other members of staff/students being injured.
- ◁ never put themselves or pupils in danger and to call immediately for the SLT if an incident occurs;
- ◁ take reasonable care for the health and safety of themselves and of other persons who may be affected by their acts or omissions at work, and to co-operate with their employer to enable them to perform or comply with their duties or requirements.

Reporting of Incidents

An "Incident Report Form" is available in the leadership office and all classrooms. It is very important to fill the form in **as soon as possible** after the event to allow the SLT to fulfil their legal requirement to report any acts of violence to employees under the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations. "Near misses" also need reporting so that we can be proactive in ensuring minor incidents do not escalate and action further control measures. The form when complete should be handed **directly to Julie Vaccari** or in her absence Adam Lumley or Kerry Williams. We

will evaluate all forms to support us in reducing the frequency of violent and aggressive incidents.

Prevention

The purpose of these policy guidelines is to reduce the anxiety of staff. The policy will be displayed on the website for reference at all times. The procedures will be reviewed annually and a staff briefing will be held after every incident to take feedback so that extra control measures can be integrated into the policy in the light of what happened.

With challenging children, all incidents should be recorded on an incident sheet and the incidents made known to **as soon as possible** to the Head teacher so that measures can instantly be introduced to de-escalate a further situation and ensure no-one is at risk.

The DfE Safeguarding Children and Safer Recruitment in Education guidance came into force in January 2007 clearly states it is our responsibility to safeguard and promote the welfare of young people. There is specific advice on this in ED/01/2007. Page 70 gives clear guidance of how to deal with Children and Adults who display extreme behaviour. Our legal obligation under the 1992 Management of Health and Safety at Work Regulations is to undertake regular risk assessments and consider preventative measures. Springbank Primary has to date through risk assessment identified the need for:

- ◁ Instant evaluation and refining of practice to ensure an incident does not re-occur.
- ◁ Re-structure the SEND team to make sure respite time is built in for all SEND TA's involved in incidents.
- ◁ Allocate SEND TA's according to strengths and skills.

At Springbank Primary we are proactive in dealing with violence by:

- ◁ making it clear that assaults on staff will not be condoned or tolerated either by parents or pupils.
- ◁ removing pupils from circulation, isolating them as quickly as possible and dealing with them in accordance with the school's behaviour policy.
- ◁ ensuring instant behaviour management team action when incidents arise;
- ◁ having identification badges for all staff.
- ◁ providing training for staff who need support.

- ◁ having lead behaviour specialists as a single point of contact for incidents.
- ◁ being committed to handling (and defusing) situations of confrontation and dealing with all threats, violence, aggression and incidents of assault.
- ◁ offering the member of staff involved relief from duties after a minor incident.

After a major incident the SLT will ensure:

- ◁ the incident is reported to the police immediately and any weapon retained for evidence.
- ◁ if the member of staff concerned does not wish the police to be informed, their views will be taken into consideration.
- ◁ first aid is administered and advice will be given to the staff member to consult a doctor as soon as practicable in order to secure a medical statement about any injuries.
- ◁ every employee is treated with dignity and respect.
- ◁ exclusion procedures are always instigated in the case of student assailants.
- ◁ offer in-house counselling.
- ◁ completion of RIDDOR/Accident book forms and produce supplementary corroborative evidence as to the nature of the incident. A statement detailing the events in question will be obtained, at the earliest opportunity, from the member of staff concerned having allowed her/him sufficient time to recover from the immediate effects of the event and offering a friend to support if required.
- ◁ a follow-up call if the member of staff needs to go home to enquire after their welfare.
- ◁ give feedback to all staff members and governing body as soon as possible to notify everyone of changes in working practices to reduce any further risks associated with this pupil/student.

Governors will:

- ◁ take all reasonable steps within their power to ensure that school premises are safe and without risks to health.
- ◁ have a shared responsibility with the LA.

- ◁ prioritise money and actions where resources are required for safety.
- ◁ review annually security needs, through noting any incidents such as break-ins, theft and violence.
- ◁ ensure that the premises do not present health and safety risks to those using the premises, whether lawfully or unlawfully.

Springbank Primary is a private property, which means that persons who enter the school without permission or without lawful authority to be there may be treated as trespassers. We understand that parents do have an expectation that they should be allowed to enter school's premises, for example to bring or fetch their children to and from school. However, we believe that parents — as all visitors should conduct themselves properly by not causing a nuisance or disturbance, or act in way that may give rise to civil or criminal prosecution.

If a parent does not conduct him / herself properly the school will write to them, the LA via legal services team or phone them to tell them that they are no longer allowed to enter the premises, unless the school gives them permission to do so. We will however, give the parent pre-notification and time to respond. If parents continue to enter the premises and cause a nuisance or disturbance, we will inform them that they may be liable to prosecution under section 547 of the Education Act 1996.

Springbank Primary will take action against trespassers by:

- ◁ asking them to leave and if they refuse informing the police immediately to remove the trespasser.
- ◁ asking the LA legal team to warn the trespasser by letter that the incident must not be repeated.
- ◁ if the incident is repeated bring procedures under section 547 of the Education Act 1996 and take civil action to compensate for any loss or damage.
- ◁ Seeking an injunction for persistent trespassers.

This policy is in place to ensure Springbank Primary is a safe place for everyone to be. For only when we all feel safe and happy can we work together effectively and ensure every one of our children succeed.

Guidance on de-escalation

As a member of school staff, it is your responsibility to attempt to de-escalate conflict situations and provide pupils with opportunities to 'get it right'. Our aim, at all times, is to minimise disruptive behaviour and to support pupils in avoiding breaching our

behaviour code. In order to do this, we must take full responsibility for our own behaviour and ensure that we do not create or escalate conflict.

Some students, with particularly challenging behaviour, have de-escalation plans and risk assessments written for them. We expect staff to be familiar with these and follow their guidance. In addition, the guidance below should help reduce conflict with any pupil who is showing signs of anger or frustration, thereby supporting them in making the right choice and minimising the disruption to learning.

- < Be vigilant for signs a child is becoming angry frustrated e.g. clenched fists, heightened colour, shallow breathing, pacing
- < Remain calm yourself, being respectful and detached, speaking quietly and giving the child time and space to calm down
- < Keep physical distance from the child, avoiding barring their way or entering their personal space
- < Avoid adopting threatening body language and raising your voice
 - < Attempt to empathise with the student and accept responsibility for your own behaviour
 - < Accept an apology given, offer one yourself if appropriate and do not attempt to force an apology
 - < Clearly outline choices the child can make and give them time to choose
 - < Avoid using 'you' statements, blaming statements, forcing eye contact or focusing on secondary behaviour

Disciplinary process following malicious allegations against staff

If an allegation made by a student against a member of staff is determined to be unfounded or malicious, the school will refer the matter to the LADO and social care to determine whether the child concerned is in need of additional services.

If an allegation is shown to be deliberately invented or malicious, the Headteacher/Behaviour and Attitude Champion will consider whether any disciplinary action is appropriate against the pupil who made it; or whether the police should be asked to consider if action might be appropriate against the person responsible, even if he or she was not a pupil. Malicious allegations against staff will be taken very seriously by the school and may well be considered as gross misconduct and treated as consequence 7 or above on the Behaviour Ladder.

Searching Guidance and Procedure – based on DFE guidance for Head teachers on Searching, Screening and Confiscation

Introduction

School staff can search a pupil for any item if the pupil agrees. This consent does not have to be formal written consent. A pupil refusing to comply with a search can be treated in the same way as a student refusing to follow any reasonable instruction of a member of staff and sanctioned according to the Consequence Snake.

Head teachers and staff authorised by them have a statutory power to search pupils or their possessions, without consent, where they have reasonable grounds for suspecting that the pupil may have a prohibited item. Prohibited items are: knives or weapons; alcohol; illegal drugs; stolen items; tobacco and cigarette papers; fireworks; pornographic images; any article that the member of staff reasonably suspects has been, or is likely to be, used to commit an offence, or to cause personal injury to, or damage to the property of, any person (including the pupil).

Head teachers and authorised staff can also search for any item banned by the school rules which has been identified in the rules as an item which may be searched for.

Confiscation

School staff can seize any prohibited item found as a result of a search. They can also seize any item, however found, which they consider harmful or detrimental to school discipline.

Schools' general power to discipline, as set out in Section 91 of the Education and Inspections Act 2006, enables a member of staff to confiscate, retain or dispose of a pupil's property as a disciplinary penalty, where reasonable to do so. Illegal or stolen items of any value must be submitted to the police at the earliest possible moment, other banned items such as alcohol and cigarettes can be disposed of by the school as they see fit.

Staff have a defence to any complaint or other action brought against them. The law protects members of staff from liability in any proceedings brought against them for any loss of, or damage to, any item they have confiscated, provided they acted lawfully. However, school staff must be mindful of the child's right to privacy under Article 8 of the European Convention of Human Rights. Any interference with this right must be justifiable and proportionate.

Who can conduct the search?

The Head teacher can authorise any paid member of school staff to conduct a search, however this right is restricted to senior staff, Head teacher and Behaviour team staff.

The person conducting the search must be of the same sex as the pupil being searched and there must be a witness to the search. The only exception to this is if there is a risk of significant harm and a staff member of the same sex is not available.

Where should the search be conducted?

Searches without consent can only be carried out on the school premises, or if elsewhere, where the member of staff has lawful control or charge of the pupil, for example on school trips in England or in training settings.

The search should be conducted in a private room with a witness present but with sufficient space for the student not to be crowded and/or feel threatened.

The extent of the search

The person conducting the search may not require the pupil to remove any clothing other than outer clothing.

'Outer clothing' means clothing that is not worn next to the skin or immediately over a garment that is being worn as underwear but 'outer clothing' includes hats; shoes; boots; gloves and scarves.

'Possessions' means any goods over which the pupil has or appears to have control - this includes desks, lockers and bags.

Use of Force

Members of staff can use such force as is reasonable given the circumstances when conducting a search for knives or weapons, alcohol, illegal drugs, stolen items, tobacco and cigarette papers, fireworks, pornographic images or articles that have been or could be used to commit an offence or cause harm. Such force cannot be used to search for items banned under the school rules. Force should only be used in exceptional circumstances.

Electronic Items

Where the person conducting the search finds an electronic device, they may examine any data or files on the device if they think there is a good reason to do so. Following an examination, if the person has decided to return the device to the owner, or to retain or dispose of it, they may erase any data or files, if they think there is a good reason to do so.

- The member of staff must have regard to the following guidance issued by the Secretary of State when determining what is a "good reason" for examining or erasing the contents of an electronic device:
- In determining a 'good reason' to examine or erase the data or files the staff member must reasonably suspect that the data or file on the device in question has been, or could be, used to cause harm, to disrupt teaching or break the school rules.

- If inappropriate material is found on the device it is up to the teacher to decide whether they should delete that material, retain it as evidence (of a criminal offence or a breach of school discipline) or whether the material is of such seriousness that it requires the involvement of the police.

Telling parents and dealing with complaints

- Schools are not required to inform parents before a search takes place or to seek their consent to search their child.
- There is no legal requirement to make or keep a record of a search.
- Schools should inform the individual pupil's parents or guardians where alcohol, illegal drugs or potentially harmful substances are found, though there is no legal requirement to do so.
- Complaints about screening or searching should be dealt with through the normal school complaints procedure.

List of banned items

Please note the school reserves the right to update this list due to societal trends. Parents and students will be notified of updates via the school website

- < **Weapons**
- < **Laser pens**
- < **Legal and illegal drugs**
- < **Aerosols**
- < **Pornographic material**
- < **Cigarettes or e-cigarettes, tobacco or any other smoking paraphernalia**
- < **Alcohol**
- < **Fireworks**
- < **Solvents**

Physical Restraint Guidance

Physical Intervention and Positive Handling Policy

Policy Lead: Adam Lumley

Link Governor: Tony Harper

HEALTH AND SAFETY STATEMENT

Context:

This policy conforms to the recommendations and guidelines issued by the Department of Education, C.C.M.S., and B.E.L.B. (Reasonable Force/Safe Handling 2005, Welfare and Protection of Pupils 2003, Promoting Positive Behaviour 2001, Child Protection: Code of Conduct for Staff 1999).

This policy lies within one of a number of policies within the remit of our Personal Development, Behaviour and Welfare provision and should be read in conjunction with our Behaviour, Child Protection, Special Needs, Health and Safety, and Anti- Bullying policies.

As this policy explains the school procedures with regard to physical interventions, we understand that it is imperative that all staff understand and adhere to it.

At Springbank Primary we promote and respect:

- ◁ the dignity of each pupil and their right to be educated in a safe and secure environment.
- ◁ the expectation of parents and carers that their children are entrusted to us to be educated in a safe and caring community which affirms and enhances their self-esteem.
- ◁ the entitlement of all staff to a workplace which has a safe, secure and non-threatening atmosphere.

- ◁ that the use of reasonable force will only to be employed in exceptional circumstances after all other behaviour management strategies have been exhausted or in an emergency where a pupil appears to be unable to exercise self-control and presents a threat to him/herself or others.

At Springbank Primary we will always:

- ◁ create a safe and secure learning and teaching environment for both teachers and pupils.
- ◁ safeguard the welfare and protect every person in the school community.
- ◁ protect all pupils against any form of physical intervention which is unnecessary, inappropriate, excessive or harmful.
- ◁ develop and implement guidelines for all staff so that they are aware of the instances in which reasonable force to restrain pupils may be used and how such force may be applied.

Who is empowered to use Reasonable Force/Safe handling techniques?

Reasonable Force/Safe Handling can only be used by members of staff who has undergone MAPA training but in Springbank Primary in the first instance it should always be members of the behaviour challenge response team.

When should reasonable force be used?

The school actively promotes positive behaviour management strategies with known behaviour parameters which reduces the need for the use of any form of physical intervention other than in exceptional circumstances.

Preventative strategies for inappropriate behaviour are detailed in the School Behaviour Policy. Our school objective is always to defuse and de-escalate conflict, confrontation and aggression.

All staff have a duty of care. To take no action where the outcome is that a child injures him/herself, or another, including staff could be construed as negligence. It is reasonable to expect a member of staff to engage in some risk where there is evidence of danger to others and intervention is likely to be effective.

However, staff should not place themselves in personal danger merely to safeguard property, but we understand that there will always be an element of personal judgment in these decisions.

Staff should not intervene in an incident without help if there is a risk that he/she may be injured or may endanger his/her life.

Reasonable force may be applied for the purpose of preventing a pupil doing or continuing to do any of the following:

- ◁ committing any serious offence.
- ◁ causing personal injury to any person (inc. the pupil him/herself) or damage to property of any person (inc. him/herself) and in self defence.
- ◁ engaging in any behaviour prejudicial to the maintenance of good order in the school or among its pupils, whether that behaviour occurs during a teaching session or otherwise.

Examples of incidents where physical intervention may be required:

- ◁ a pupil attacks a member of staff or another pupil.
- ◁ pupils are fighting.
- ◁ a pupil is engaged, or about to engage in deliberate damage or vandalism to property.
- ◁ a pupil is causing, or at risk of causing, injury or damage by accident by rough play, or by misuse of dangerous materials or objects.
- ◁ a pupil is running in a corridor or in the classroom in a manner likely to cause an accident or injury to themselves or others.
- ◁ a pupil persistently refuses to obey an instruction to leave a classroom.
- ◁ a pupil is behaving in a way that is seriously disrupting a lesson.

What Constitutes Reasonable Force/Safe Handling?

Reasonable force is the minimum intervention or force that should reasonably be employed and is 'dependent on the age, sex, physical strength, size, understanding,

and used in a way that preserves c Z ' h \ Y ' a h \ Y ' X] [b] h m ' U b X ' f Y g d Y Wh ' c Z ' U ' ' Wc b WY f b Y X Ñ

It must involve a calm measured approach at all times.

It must be in accordance with the national agreed strategies and the following procedures.

Forms of Reasonable Force and Safe Handling:

- ◁ Separating pupils who are fighting or about to fight
- ◁ Blocking a pupil's path
- ◁ Holding
- ◁ Breakaway techniques
- ◁ Leading a pupil by the arm
- ◁ Shepherding a pupil away by placing hands on the backs of elbows
- ◁ Using more restrictive holds.

At Springbank Primary we recognise the limits on the use of force:

The use of force as punishment or to intentionally cause pain, injury or humiliation would contravene the school's Child Protection Policy. Staff should never act in a way that might reasonably be expected to cause injury such as:

- ◁ holding around the neck
- ◁ any hold that would restrict breathing
- ◁ kicking
- ◁ slapping
- ◁ punching
- ◁ using an implement
- ◁ tripping
- ◁ forcing limbs against joints
- ◁ holding or pulling hair
- ◁ holding the pupils face on the ground
- ◁ touching or holding a pupil in any way that might be considered indecent.

Reasonable Force Procedures:

In the event of an emergency situation developing:

(a) Send a sensible and reliable pupil to the Admin Office to contact a member of the behaviour team who has been trained to provide support in such circumstances. If Headteacher or Behaviour Lead is not present on site, then please ask office staff to text them immediately and inform them of the situation.

(b) Tell the pupil to stop the inappropriate behaviour.

(c) Ask the pupil to behave appropriately, clearly stating the desired behaviour.

(d) Tell the pupil that physical intervention will take place if the inappropriate behaviour continues.

(e) During the incident, repeatedly assure the pupil and tell him/her that physical contact will stop as soon as he/she is ready to behave appropriately.

Record Keeping:

- ◁ Where physical intervention has been used to manage a pupil a record of the incident must be recorded on the official form available from Mr Lumley, the Behavior and Attitude Champion.
- ◁ Any teacher(s) involved must record the incident on an incident record form.
- ◁ Parents will be contacted, informed about the incident and asked to sign the form.
- ◁ Any complaint will be dealt with according to the School's Complaints Procedure.
- ◁ A Risk Assessment will be carried out to try to prevent further incidents.
- ◁ Support will be offered to any member of staff or pupil involved in an incident in which reasonable force/safe handling techniques have been used.

Key points:

- ◁ Teachers have power to discipline pupils for misbehaviour which occurs in school and, in some circumstances, outside of school.
- ◁ Teachers have statutory authority to discipline pupils whose behaviour is unacceptable, who break the school rules or who fail to follow a reasonable instruction (Section 90 and 91 of the Education and Inspections Act 2006).
- ◁ The power also applies to all paid staff (unless the Head teacher says otherwise) with responsibility for pupils, such as teaching assistants.

- ◁ Teachers can discipline pupils at any time the pupil is in school or elsewhere under the charge of a teacher, including on school visits.
- ◁ Teachers can also discipline pupils in certain circumstances when a pupil's misbehaviour occurs outside of school.
- ◁ Teachers have a power to impose detention outside school hours.
- ◁ Teachers can confiscate pupils' property.

What the law allows:

Teachers can discipline pupils whose conduct falls below the standard which could reasonably be expected of them. This means that if a pupil misbehaves, breaks a school rule or fails to follow a reasonable instruction the teacher can impose a punishment on that pupil.

To be lawful, the punishment (including detentions) must satisfy the following three conditions:

The decision to punish a pupil must be made by a paid member of school staff or a member of staff authorised by the Head teacher;

The decision to punish the pupil and the punishment itself must be made on the school premises or while the pupil is under the charge of the member of staff; and

It must not breach any other legislation (for example in respect of disability, special educational needs, race and other equalities and human rights) and it must be reasonable in all the circumstances.

The school's behaviour policy should set out the disciplinary action that will be taken against pupils who are found to have made malicious accusations against school staff.

The behaviour policy should acknowledge the school's legal duties under the Equality Act 2010, in respect of safeguarding and in respect of pupils with special educational needs (SEN).

Subject to the behaviour policy, teachers may discipline pupils for misbehaviour when the pupil is:

- ◁ taking part in any school-organised or school-related activity
- ◁ travelling to or from school
- ◁ wearing school uniform or is some other way identifiable as a pupil at the school.

Or misbehaviour at any time, whether or not the conditions above apply, that:

- < could have repercussions for the orderly running of the school
- < poses a threat to another pupil or member of the public
- < could adversely affect the reputation of the school.

Parental consent is not required for detentions.

Outstanding behaviour is our ultimate aim and challenge. This policy will support us in achieving this. After every incident the policy will be refined if necessary. Awareness and Scholarship will help us to excel in this vital area.
