

Springbank Academy

Our whole school vision is:

Springbank Academy is a place where all of our children and staff will have the opportunity to excel. Everyone will be safe, happy and cared for. Our curriculum and values will inspire everyone in the school family to be motivated and curious learners and offer core skills, knowledge and enrichment to enable all to gain the foundations for a quality future and a love for life-long learning.

In all we do we remember our school motto:

Caring - Happy - Healthy - Sporty - Scientific

School Values

Sportsmanship - Tolerance - Appreciation - Respect - Friendship - Integrity - Sensitivity - Helpfulness

Smoke Free Policy

February 2022

Policy Lead: Dawn Wigley

Link Governor: Sara Dunn

Springbank Academy is committed to equal opportunities for all. It is our aim that every policy is written to have a positive impact on every child/all children irrespective of race; religion; gender; sexual orientation or age.

Springbank = success for all

There is a key that unlocks every child's learning, our job is to find that key.

Every staff member and governor must take the responsibility and accountability to ensure the procedures within this policy are delivered and implemented as per Springbank Academy Policy.

1. Introduction

- 1.1** The Local Governing Board of Springbank Academy adopted this Smoke Free policy in 2016. The Health and Safety Committee of the governing body will review and monitor the impact of the Smoke Free policy annually with the head teacher. The next review will take place in February 2023.
- 1.2** The Local Governing Board has adopted the policy set out in this document to provide a clear framework for the exercise of its powers and discretions in relation to all staff employed in the school and paid from within the school budget.
- 1.3** The Local Governing Board is committed to taking decisions in accordance with the principles of public life as listed in DfE guidance; objectivity, openness and accountability.
- 1.4** The Local Governing board recognises the legal requirements placed upon them by the Education Act 2002 any subsequent legislation.
- 1.5** The Local Governing Board has the responsibility for viewing the implementation in line with this policy.
- 1.6** The Local Governing Board will take into consideration advice and guidance relating to the school Smoke Free policy.
- 1.7** This policy should be read in conjunction with the smoke free guidance and FAQ's.

2. Equalities and Equal Opportunities

- 2.1** The Local Governing Board recognises its legal responsibilities to staff under the Equality Act 2010 and this policy will ensure equality and fairness regardless of race, sex (gender), sexual orientation, religion or belief, gender re-assignment, pregnancy and maternity, marriage and civil partnership, disability or age. All decisions will be taken in accordance with relevant equalities legislation, the Employment Relations Act 1999, the Part-Time Workers (Prevention of Less Favourable Treatment) Regulations 2000 and the Fixed Term Employees (Prevention of Less Favourable Treatment) Regulations 2002. In doing so the governing body will ensure that decisions and processes are open, transparent and fair.
- 2.2** The Local Governing Board is also aware of its responsibilities and those of the Local Authority in respect of the Equal Pay Act 1970 which requires that men and women have a right to equal treatment and equal pay for work of equal value.
- 2.3** The Local Governing Board is aware of its responsibilities under the Freedom of Information Act 2000 and to make available this policy to all staff at the school.

3. Aims of the Policy

- 3.1 The purpose of the Smoke-free Policy is to protect children, employees, governors and people who visit Council premises from the effects of smoking and second-hand smoke exposure.
- 3.2 Smoking is a health and safety issue and, as such, remains the responsibility of the Academy and Trust

4. Scope of the Policy

- 4.1 In relation to smoking restrictions; where the Policy and Guidance mention staff or employees, this applies equally to all staff employed by the school; governors, visitors, parents, workers engaged through an agency - by a contractor or by other organisations and visitors to the school premises.
- 4.2 For the purpose of this policy, smoking is defined as anything that is smoked; including manufactured and hand rolled cigarettes, pipes, cigars, herbal cigarettes and shisha pipes. Electronic cigarettes (e-cigarettes) and other vapour producing products are also included.
- 4.3 Due to concerns about the origin and build-quality of charging mechanisms for e-cigarettes, under no circumstances should they be connected to school electrical sockets or computer USB points.

5. Principles and Commitment

- 5.1 The Local Governing Board have a duty to protect the health of its employees. The evidence that exposure to other people's smoke is dangerous to health is undeniable.
- 5.2 The school and its employees are subject to the law, including the provisions of the Health Act, which since 1 July 2007, prohibits smoking in virtually all enclosed and substantially enclosed work and public places throughout the United Kingdom.
- 5.3 In addition, the Health and Safety at Work Act (1974) requires that the school and Trust take reasonable measures to protect the health and safety of employees and members of the public visiting the school's premises and grounds.
- 5.4 There is no right to smoke. This has been confirmed by the Court of Appeal which stated the right to smoke was not protected by Article 8 of the Human Rights Act 1998.

6. Background

- 6.1 Springbank Academy has a key role in promoting better health in Nottinghamshire. Smoking related ill health is a major challenge for our County and the Council should be a model for others in terms of its efforts to champion smoke-free environments and encouraging people to stop smoking.

- 6.2** At the full Council meeting held in November 2014, it was agreed that Nottinghamshire County Council would sign the Local Government Declaration on Tobacco Control; committing the Council to take action on tobacco related issues and to act as an exemplar to others.
- 6.3** To underpin this policy, the Council developed additional guidance and supporting documents which contain information about where to obtain support for people who wish to stop smoking and information about temporary abstinence whilst at work.
- 6.4** All smokers will be encouraged to use licensed nicotine replacement therapy as a safer source of nicotine and to access the most effective way to stop via Nottinghamshire County Council commissioned Stop Smoking Services.

7. Key actions to meet the commitments set out in this policy

- 7.1** Employees are not allowed to smoke during their working time.
- 7.2** In accordance with the smoke-free legislation, smoking is prohibited in the following areas:
- The School buildings, premises and grounds
 - All County Council owned and controlled buildings
 - All vehicles owned, leased or hired by the School

In addition, smoking is also prohibited in Council owned and controlled grounds including courtyards, at entranceways or in areas adjacent to buildings where smoke may be unpleasant for passing people or using that area or where the smell of smoke may affect others.

- 7.3** Staff are strongly discouraged from smoking in their own vehicles while on school business and are required not to smoke if there are passengers in the vehicle.
- 7.4** The school displays signs at all entrances and in vehicles to make it clear that smoking is prohibited.
- 7.5** No facilities e.g. smoking shelters or designated smoking spaces will be provided for smokers either inside or outside school premises.
- 7.6** Caretakers living in Council provided accommodation may smoke on their own premises outside working hours.
- 7.7** Staff who cannot leave the premises and grounds, for a break outside of working time because of their job, must abstain from smoking and should be encouraged to stop or use nicotine replacement therapy in order to temporarily abstain from smoking.

8. Policy for Third Party Premises

- 8.1** Employees who are required to visit other premises, both commercial and domestic, as part of their duties should advise the people responsible for the premises of Nottinghamshire County Council's Smoke-free Policy when arranging a visit. Although Nottinghamshire County Council has a duty of care to protect its employees, it cannot control the Smoke-free Policy on such premises. Employees and/or managers should aim to contact those to be visited and to try to arrange for a non-smoking area to be provided for the duration of the visit. Where this is not possible, a request should be made that those visited refrain from smoking inside the premises or in the meeting area for one hour before the visit takes place and they should be asked not to smoke for the duration of the visit.
- 8.2** In circumstances where it is not possible to arrange a visit beforehand, employees should seek advice from their line manager who should take all reasonable steps to protect them from exposure to second-hand smoke.
- 8.3** It is recognised that there will be circumstances, particularly in visiting some domestic premises, where it will not prove possible to establish such arrangements as described in 6.1 and 6.2, and this should form part of the risk assessment. In such circumstances, the risk of entering the premises where smoking is taking place needs to be weighed against the risk of not undertaking the visit.

9. Enforcement of the Policy

- 9.1** The Local Governing Board and the Head Teacher are responsible for the promotion and maintenance of a smoke-free working environment. Head Teachers and senior leaders should refer to the guidance document regarding their responsibilities in relation to the policy and the implementation of it.
- 9.2** The County Council and the Local Governing Board recognise that smoking is an addiction and aims to provide a supportive environment for those who wish to overcome this and, in doing so, to promote the health and wellbeing of all employees. Details of support and information on temporary abstinence are available in the guidance document and supporting information.
- 9.3** Visitors who do not adhere to the Policy should be asked to comply or leave the premises.
- 9.4** All job applicants should be made aware of this Policy at the point of application. At recruitment, induction, appraisal and supervision, identified smokers should be offered support to stop smoking and should have the information about using licensed nicotine products for temporary abstinence made available to them.
